

The Inner Game Methodology

For over 50 years, we've been optimizing performance for companies, teams, and individuals worldwide.

**Official Inner Game Facilitator:
Tony D'Avino
The Performance Collaborative**

Understand how to win your inner game and achieve peak performance and breakthrough results.

Learning and evolving are inherently enjoyable when impulses of self-interference are ignored instead of entertained. When you can work and play “in the zone” or “the flow,” you will naturally learn, and enjoy richly – human performance at it's purest.

The Inner Game Methodology[®] Workshop

- 12 hours (Delivered online via ZOOM, 6, 2-Hour Sessions)
- In-depth exploration of Inner Game principles, tools and techniques
- Certification of attendance

Key Learning Outcomes

- **Enhanced Self-Awareness:** Understand personal thought patterns and behaviors, and recognize and address self-imposed obstacles.
- **Increased Focus and Clarity:** Gain mental clarity by reducing internal distractions, leading to improved concentration and focus.
- **Improved Resilience and Adaptability:** Learn techniques to maintain composure under pressure.
- **Higher Performance and Motivation:** Unlock a more natural, intuitive approach to performance, making actions feel effortless and enjoyable while achieving better results.
- **Strengthened Decision-Making Skills:** By focusing on core principles, participants learn to make confident decisions based on internal awareness rather than external pressures.
- **Reduced Stress and Anxiety:** Provides tools for managing performance-related stress, fostering a more relaxed and positive mindset.
- **Enhanced Communication Skills:** Promotes a non-judgmental, open approach to interactions, improving understanding and relationships with colleagues, clients, and others.
- **Deeper Connection to Personal Goals and Values:** Encourages alignment between work and personal aspirations, supporting sustainable growth and fulfillment.
